

Arrive at Your Next Big Event in Style

Owner Mary Taylor is pictured inside of one of her two fully equipped limo-party buses.

Elegant Knights Limo-Party Bus knows how to help make a grand entrance

Since 2011, Elegant Knights has specialized in fun and elegant group transportation along the Gulf Coast. Based on Chin Street in Mobile, owner **Mary Taylor** and her staff of three transport passengers to all kinds of events, including weddings, homecoming, bachelor or bachelorette parties, birthdays, concerts, corporate events, church events, reunions and casino trips.

And on Elegant Knights' party buses, half the fun is getting there, thanks to amenities such as stereo systems, televisions, beverage coolers, even disco lights and a dance floor.

"Our buses have everything you need to hold a party," Taylor said, adding that the six feet of standing room and perimeter seating on the buses encourage party-goers to have a good time on the ride. "Instead of just sitting down, forward-facing, passengers can engage, interact and enjoy the atmosphere while riding."

Elegant Knights Limo-Party Bus is the Mobile Area Chamber's Small Business of the Month.

A Chamber member for three years, Taylor says her business has benefited from attending various seminars and networking events. Since opening the business five years

ago, she has expanded her area of operation from Mobile to include parts of Florida, Mississippi and Louisiana.

"Our sales and reservations are steadily increasing," Taylor said, "which is an indication of our continued growth and an improved financial position of the business."

As her business has grown, Taylor and her company have given back to the community through providing back-to-school supplies for needy students. Elegant Knights has also sought to make its services available even to those who thought they might not be able to afford them by partnering

with Global Check Services to create a "Party Now, Pay It Later" option that gives customers up to 12 months to pay.
