LEGISLATIVE AGENDAS

2017

2018

2019

2020

2021

2017 Legislative Agenda

Serving as a progressive advocate for business, the Mobile Area Chamber of Commerce supports and encourages work at all levels of government to stimulate jobs; supports non-regressive sources of revenue without levying a disproportionate burden on any individual segment of Alabama's economy; seeks efficiencies in government and protects fundamental public services and infrastructure. The members of the Mobile Area Chamber of Commerce and Mobile's economic development partners have identified the following issues, policies and appropriations as fundamental to Alabama's progress because they will help to build additional jobs and a more positive business climate in the Mobile area.

Economic Development & Tax

1. In order to keep Alabama more competitive with other Southern states and continue business investment and job growth, enact proven and accountable economic development incentives:
 - Renew the proven Alabama Historic Tax Credit program
 - Expand the New Markets Development Tax Credit program by increasing the individual project cap (currently \$10 million) and the aggregate cap (currently \$20 million).
 - Create Research-and-Development Tax Credits modeled after the federal R&D credit but with an enhanced credit if the research is conducted by Alabama-based academic or nonprofit research institutions.
 - Provide an avenue of access to capital for small business, enact Small Business Investment Company Tax Credit for taxpayers that make capital contributions to an eligible Alabama small business investment fund.
2. Maintain federal military contracts with Mobile-area based companies, particularly for the construction of Austal USA's Littoral Combat Ships and Expeditionary Fast Transport vessels and the future small Surface Combatant ships, as well as Ingalls Shipbuilding's LHA/LPD Amphibious Assault Ships and Coast Guard cutters.
3. Increase access to global markets through fair trade initiatives and agreements, including the continued funding of the Ex-Im Bank, the Trans Pacific Partnership (TPP), the *Transatlantic Trade and Investment Partnership* (TTIP), and the continued reduction of trade and tourism restrictions with Cuba.
4. Support federal immigration reform that will secure our borders, establish reasonable and effective visa policies/procedures, and recognize the need to attract professional and highly-valued workers to the United States.
5. Preserve jobs and economic growth in all sectors through the reduction of overly burdensome regulations that increase the cost of doing business, create uncertainty and have the potential to stifle growth.

Education & Workforce Development

1. Continue to adequately fund Alabama's Education budget, including Alabama's First Class pre-kindergarten, career tech, dual enrollment and other innovative programs, in order to ensure a competitive increase in student scoring, higher graduation rates and competitive college and career ready graduates; maintain high academic standards and expectations for all Alabama students such as those found in the Alabama College and Career Ready Standards.
2. Seek a fiscal year 2018 Alabama budget appropriation for the University of South Alabama that reflects the institution's successful enrollment growth and additional funding to support the implementation of a much-needed emergency medicine residency at USA Medical Center.

Energy, Environment & Infrastructure

1. Support the design phase of the proposed I-10 Mobile River Bridge and Bayway widening project and partner with the Alabama Department of Transportation and the Federal Highway Administration to actively seek construction funding.
2. Preserve jobs and economic growth through the reduction of overly burdensome regulations that create uncertainty and have the potential to stifle growth.
3. Increase the supply of energy in a manner that is safe and protective of the environment through a comprehensive, energy policy that promotes energy conservation and encourages research and development of clean and alternative energy sources.
4. Continued support to fund the U.S. Army Corps of Engineers Mobile District Civil Works program in support of the deepening and widening and the annual operations and maintenance dredging of the Mobile Ship Channel; maintain necessary funding for the operation and maintenance of Alabama's commerce waterways, including the Bayou la Batre and Coden ship channels.

Small Business

1. Continue to enact recommended action steps identified by Governor's Hurricane Homeowners workgroup in order to encourage more affordable and readily available coastal homeowners insurance.
2. Protect an employer's right to provide a safe workplace by opposing any legislation that would keep an employer or property owner from restricting firearm possession on company or private property.
3. Support all efforts to decrease workers' compensation medical costs in Alabama by decreasing fraud in unemployment and workers' compensation claims with stronger statutes:
 - Maintain current Alabama laws that support an employer's right to choose the treating physician and second physician in workers' compensation claims.
 - Enact statutes that allow businesses to perform the Workman's Compensation claim checks prior to hire.

4. In order to avoid excessive and frivolous lawsuits and ensure fully-accessible public buildings and spaces, close the loophole in Title III of the American with Disabilities Act, by providing clearer rules for identifying and correcting ADA access violations and allowing business and property owners the opportunity to address and correct minor ADA infractions in a defined period of time, prior to an allowable civil law suit.

Healthcare

1. Explore existing and future options for funding Medicaid in Alabama, in a way that provides sustainable funding and allows Alabama providers the ability to manage the cost, efficiency, and quality of healthcare provided.
2. Seek a permanent funding source for Mobile's Programs for All-inclusive Care for the Elderly (PACE) and the expansion of such programs across the state in order to draw down increased federal funds for the medical care of the state's growing nursing home population at a cost savings to Medicaid.
3. Seek an equitable resolution on the Medicare wage index issue so that hospitals in the region will be fairly reimbursed for the services they provide to the Medicare population.

2018 Legislative Agenda

Serving as a progressive advocate for business, the Mobile Area Chamber of Commerce supports and encourages work at all levels of government to stimulate jobs; supports non-regressive sources of revenue without levying a disproportionate burden on any individual segment of Alabama's economy; seeks efficiencies in government and protects fundamental public services and infrastructure. The members of the Mobile Area Chamber of Commerce and Mobile's economic development partners have identified the following issues, policies and appropriations as fundamental to Alabama's progress because they will help to build additional jobs and a more positive business climate in the Mobile area.

Economic Development & Tax

- ★ In order to keep Alabama competitive with other Southern states and continue business investment and job growth, continue proven and accountable economic development incentives such as the Alabama Historic Tax Credit program, New Markets Development Tax Credit program, and the Alabama Film Credit. And strongly encourage Members of Congress to keep the Historic Tax Credit in the federal tax code. (*carried over*)
- ★ Maintain federal military contracts with Mobile-area based employers, particularly for the construction of Austal USA's Frigate Littoral Combat Ships and Expeditionary Fast Transport vessels and the future small Surface Combatant ships, as well as Ingalls Shipbuilding's LHA/LPD Amphibious Assault Ships, destroyers and Coast Guard cutters. (*carried over*)
- ★ Support fair trade and investment agreements that expand access to international markets, reduce trade barriers, and increase foreign direct investment creating a level playing field to put Mobile area families, businesses, and workers first and improving the overall international competitiveness of Alabama exporters. (*updated*)
- ★ Support all efforts to decrease workers' compensation medical costs in Alabama by decreasing fraud in unemployment and workers' compensation claims with stronger statutes:
 - Maintain current Alabama laws that support an employer's right to choose the treating physician and second physician in workers' compensation claims.
 - Enact statutes that allow businesses to perform the Workman's Compensation claim checks prior to hire. (*carried over - moved from Small Business to Economic Development*)
- ★ **Support the continuation of federal payments to Alabama and Mobile and Baldwin counties from the 2006 Gulf of Mexico Energy Security Act (GOMESA) in 2018 federal budgets. Under GOMESA, Alabama, Mississippi, Louisiana and Texas receive a share of revenue from oil and gas drilling in federal waters, which helps address coastal restoration, hurricane protection and watershed management programs in coastal Alabama. (*new*)**
- ★ Support federal immigration reform that will secure our borders, establish reasonable and effective visa policies/procedures, and recognize the need to attract professional and highly-valued workers to the United States. (*carried over*)

- ★ Preserve jobs and economic growth in all sectors through the reduction of overly burdensome regulations that increase the cost of doing business, create uncertainty and have the potential to stifle growth. *(carried over)*

Education & Workforce Training

- ★ Continue to adequately fund Alabama's Education budget, including Alabama's First Class pre-kindergarten, career tech, dual enrollment and other innovative programs, in order to ensure a competitive increase in student scoring, higher graduation rates and competitive college and career ready graduates; maintain high academic standards and expectations for all Alabama students such as those found in the Alabama College and Career Ready Standards. *(carried over)*
- ★ Seek a fiscal year 2019 state budget appropriation for the University of South Alabama that reflects the institution's successful enrollment growth and increased graduation rates over the past ten years, and additional funding to support USA Health and its specialized health care mission. *(updated)*
- ★ **Support funding to establish a program coordinated by the University of South Alabama to support the needs of communities in Southwest Alabama to recruit, train and retain the more than 5,000 seasonal workers needed for the regions hospitality industry. The program would also focus on placing unemployed young Mobilians in unfilled jobs on the Alabama Coast. *(new)***
- ★ **Continue to identify needs and support demand-driven strategic workforce training initiatives in south Alabama's key economic growth sectors, including aerospace, maritime and advanced manufacturing. *(new)***
- ★ **Support measures to address the growing opioid crisis in Alabama that has detrimental effects on the availability of a qualified workforce, workplace safety and overall community health. *(new)***

Energy, Environment & Infrastructure

- ★ Support the funding and construction of the proposed I-10 Mobile River Bridge and Bayway widening project and partner with the Alabama Department of Transportation and the Federal Highway Administration to actively seek construction funding through **Infrastructure For Rebuilding America (INFRA)** Grants and other sources. *(updated)*
- ★ Continued support to fund the U.S. Army Corps of Engineers Mobile District Civil Works program in support of the deepening and widening and the annual operations and maintenance dredging of the Mobile Ship Channel; maintain necessary funding for the operation and maintenance of Alabama's commerce waterways, including the deepening of the Bayou la Batre and Coden ship channels. *(carried over)*
- ★ **The Mobile Area Chamber of Commerce supports increasing Alabama's investment in transportation infrastructure to sustain and promote economic growth, job creation, quality of life and public safety. The Chamber recognizes that there is a gap between current state resources and what is required to address the highway, bridge, and other road maintenance and capital needs in Alabama today and in the future,**

specifically for critical needs such as the completion of the four-laning U.S. Highway 98. *(new – position adopted mid-session 2017)*

- ★ In order to ensure the consistent and bi-partisan management of the planning, building and maintaining of the state’s multimodal transportation system and the long-term management of state transportation planning and revenues, the Mobile Area Chamber supports legislation to allow for a board-governance structure and a non-political, board-appointed director of the Alabama Department of Transportation. *(new)*

Small Business and Entrepreneurial Growth

- ★ Encourage the creation of a cabinet level position in the executive branch to focus on the creation and growth of small businesses and entrepreneurial development in Alabama. *(new)*
- ★ Support the growth and development of Mobile’s entrepreneurial community and Innovation PortAL’s mapping of entrepreneurial talent to meet the growing technological needs of industry with early state funding opportunities such as the State of Alabama Full Sail fund. The Full Sail entrepreneurial fund will provide much-needed programming, skills training and funding for entrepreneurial clients as well as enable the engagement of local industry to identify technological solutions to small business challenges. *(new)*
- ★ To support the growing 'social enterprises' entrepreneurial demand in Alabama, expand the legal definition of a Limited Liability Company in Alabama’s code to include a low-profit limited liability company, or ‘L3C’ and a Benefit Corporation or ‘B Corp’, for-profit, social-benefit corporate entity. *(new)*
- ★ To support the growth and expansion of local restaurants and consumer offerings in the restaurant industry’s fastest growing segment, work to achieve the local authority necessary to implement the statewide “Brunch Bill” passed in 2017 that allows for 10:00 am on-premises alcohol sales on Sunday. *(new)*
- ★ In order to avoid excessive and frivolous lawsuits and ensure fully-accessible public buildings and spaces, close the loophole in Title III of the American with Disabilities Act, by providing clearer rules for identifying and correcting ADA access violations and allowing business and property owners the opportunity to address and correct minor ADA infractions in a defined period of time, prior to an allowable civil law suit. *(carried over)*
- ★ Protect an employer’s right to provide a safe workplace by opposing any legislation that would keep an employer or property owner from restricting firearm possession on company or private property. *(carried over)*

Healthcare

- ★ Support a health provider-driven approach to reforming Alabama’s current Medicaid program to ensure access to care, control costs and maximize the return of Alabama’s tax dollars to the state. *(updated)*

- ★ Seek an equitable resolution on the Medicare wage index issue so that hospitals in the region will be fairly reimbursed for the services they provide to the Medicare population. *(carried over)*
- ★ Seek a permanent funding source for Mobile's Programs for All-inclusive Care of the Elderly (PACE) and the expansion of such programs across the state in order to draw down increased federal funds for the medical care of the state's growing nursing home population at a cost savings to Medicaid. *(carried over)*

MOBILE AREA CHAMBER OF COMMERCE 2019 LEGISLATIVE ACTION ITEMS

WE ARE THE CHAMBER, AND WE HAVE SERVED AS MOBILE'S PROGRESSIVE BUSINESS ADVOCATE SINCE 1836. MOBILE CONNECTS ALABAMA TO THE WORLD, AND THE CHAMBER IS HERE TO LOBBY FOR LEGISLATION THAT GROWS MOBILE AND ALABAMA'S INFLUENCE IN THE REGION, ACROSS THE COUNTRY AND AROUND THE WORLD.

FUNDAMENTAL FOUNDATIONS FOR ALABAMA

- ★ Primarily through deepening and widening the Port of Mobile and building the I-10 bridge, the Mobile Area Chamber of Commerce supports increasing Alabama's investment in transportation infrastructure to sustain and promote economic growth, job creation, quality of life and public safety. The Chamber recognizes that there is a gap between current state resources and what is required to address the highway, bridge, and other road maintenance and capital needs in Alabama today and in the future, specifically for critical needs such as the completion of the four-laning U.S. Highway 98.
- ★ Advocate for adequately funding Alabama's Education budget, including Alabama's first class pre-kindergarten, career tech, dual enrollment and other innovative programs, in order to ensure a competitive increase in student scoring, higher graduation rates and competitive college and career ready graduates; maintain high academic standards and expectations for all Alabama students such as those found in the Alabama College and Career Ready Standards.
- ★ Seek a fiscal year 2020 state budget appropriation for the University of South Alabama that reflects the institution's successful growth and increased graduation rates over the past ten years, and additional funding to support USA Health and its specialized health care mission.
- ★ Support funding to establish a program coordinated by the University of South Alabama to address the shortfall in emergency room physicians and other emergency healthcare professionals in the State of Alabama.
- ★ In order to ensure the consistent and bi-partisan management of the planning, building and maintaining of the state's multimodal transportation system and the long-term management of state transportation planning and revenues, the Mobile Area Chamber supports legislation to allow for a board-governance structure and a non-political, board-appointed director of the Alabama Department of Transportation.

SUPPORTING AMERICA'S LARGEST EMPLOYER, SMALL BUSINESSES

- ★ Preserve jobs and economic growth in all sectors through the reduction of overly burdensome regulations that increase the cost of doing business, create uncertainty and have the potential to stifle growth.
- ★ Encourage the creation of a cabinet level position in the executive branch to focus on the creation and growth of small businesses and entrepreneurial development in Alabama.

- ★ Support the growth and development of Mobile’s entrepreneurial community and Innovation PortAL’s mapping of entrepreneurial talent to meet the growing technological needs of industry with early state funding opportunities such as the State of Alabama Full Sail fund. The Full Sail entrepreneurial fund will provide much-needed programming, skills training and funding for entrepreneurial clients, as well as enable the engagement of local industry to identify technological solutions to small business challenges.
- ★ To support the growing 'social enterprises' entrepreneurial demand in Alabama, expand the legal definition of a Limited Liability Company in Alabama’s code to include a low-profit limited liability company, or ‘L3C’ and a Benefit Corporation or ‘B Corp’, for-profit, social-benefit corporate entity.
- ★ To support the growth and expansion of local restaurants and consumer offerings in the restaurant industry’s fastest growing segment, work to achieve the local authority necessary to implement the statewide “Brunch Bill” passed in 2017 that allows for 10:00 am on-premises alcohol sales on Sunday.
- ★ In order to avoid excessive and frivolous lawsuits and ensure fully-accessible public buildings and spaces, close the loophole in Title III of the American with Disabilities Act, by providing clearer rules for identifying and correcting ADA access violations and allowing business and property owners the opportunity to address and correct minor ADA infractions in a defined period of time, prior to an allowable civil law suit.
- ★ Protect an employer’s right to provide a safe workplace by opposing any legislation that would keep an employer or property owner from restricting firearm possession on company or private property.
- ★ Support all efforts to decrease workers’ compensation medical costs in Alabama by decreasing fraud in unemployment and workers’ compensation claims with stronger statutes:
 - Maintain current Alabama laws that support an employer's right to choose the treating physician and second physician in workers’ compensation claims.
 - Enact statutes that allow businesses to perform the Workman’s Compensation claim checks prior to hire.

MADE BY ALABAMA, FOR AMERICA and THE WORLD

- ★ Maintain federal military contracts with Mobile-area employers, particularly for the construction of Austal USA’s Frigate, Littoral Combat Ships, Expeditionary Fast Transport vessels, autonomous vehicle development and post-delivery support to the U.S. Navy, as well as Ingalls Shipbuilding’s LHA/LPD Amphibious Assault Ships, destroyers and Coast Guard cutters.
- ★ Support fair trade and investment agreements that expand access to international markets, reduce trade barriers, and increase foreign direct investment creating a level playing field to put Mobile area families, businesses, and workers first and improving the overall international competitiveness of Alabama exporters.

KEEPING ALABAMA OPEN FOR BUSINESS

- ★ Continued support to fund the U.S. Army Corps of Engineers Mobile District Civil Works program in support of the deepening and widening and the annual operations and maintenance dredging of the Mobile Ship Channel; maintain necessary funding for the operation and maintenance of Alabama's commerce waterways, including the deepening of the Bayou la Batre and Coden ship channels.
- ★ Support the funding and construction of the proposed I-10 Mobile River Bridge and Bayway widening project and partner with the Alabama Department of Transportation and the Federal Highway Administration to actively seek construction funding through Infrastructure For Rebuilding America (INFRA) Grants and other sources.
- ★ Advocate for legislation to extend the application of confidential reporting by site selectors thereby giving Mobile-area Economic Developers the opportunity to engage a variety of resources when recruiting companies and creating jobs for Alabama.

A HEALTHY ALABAMA

- ★ Support measures to address the growing opioid crisis in Alabama that has detrimental effects on the availability of a qualified workforce, workplace safety and overall community health.
- ★ Support a provider-driven approach to reforming Alabama's current Medicaid program to ensure access to care, control costs and maximize the return of Alabama's tax dollars to the state.
- ★ Seek an equitable resolution on the Medicare wage index issue so that hospitals in the region will be fairly reimbursed for the services they provide to the Medicare population.
- ★ Seek a permanent funding source for Mobile's Programs for All-inclusive Care of the Elderly (PACE) and the expansion of such programs across the state in order to draw down increased federal funds for the medical care of the state's growing nursing home population at a cost savings to Medicaid.

GOOD STEWARDSHIP OF ALABAMA'S NATURAL RESOURCES

- ★ Support the continuation of federal payments to Alabama and Mobile and Baldwin counties from the 2006 Gulf of Mexico Energy Security Act (GOMESA) in 2018 federal budgets. Under GOMESA, Alabama, Mississippi, Louisiana and Texas receive a share of revenue from oil and gas drilling in federal waters, which helps address coastal restoration, hurricane protection and watershed management programs in coastal Alabama.

TRAINING and ADVANCING ALABAMA'S WORKFORCE

Continue to identify needs and support demand-driven strategic workforce training initiatives in south Alabama's key economic growth sectors, including aerospace, maritime and advanced manufacturing.

MOBILE AREA CHAMBER OF COMMERCE

2020 LEGISLATIVE ACTION ITEMS

WE ARE THE CHAMBER, AND WE HAVE SERVED AS MOBILE'S PROGRESSIVE BUSINESS ADVOCATE SINCE 1836. MOBILE CONNECTS ALABAMA TO THE WORLD, AND THE CHAMBER IS HERE TO LOBBY FOR LEGISLATION THAT GROWS MOBILE AND ALABAMA'S INFLUENCE IN THE REGION ACROSS THE COUNTRY AND AROUND THE WORLD.

FUNDAMENTAL FOUNDATIONS FOR ALABAMA

- ★ Primarily through deepening and widening the Port of Mobile and building the I-10 bridge, the Mobile Area Chamber of Commerce supports increasing Alabama's investment in transportation infrastructure to sustain and promote economic growth, job creation, quality of life and public safety. The Chamber recognizes there is a gap between current state resources and what is required to address the highway, bridge, and other road maintenance and capital needs in Alabama today and in the future, specifically for critical needs such as completing the four-laning of U.S. Highway 98.
- ★ Advocate for adequately funding Alabama's Education budget, including Alabama's first-class pre-kindergarten, career tech, dual enrollment and other innovative programs, in order to ensure a competitive increase in student scoring, higher graduation rates and competitive college and career-ready graduates; maintain high academic standards and expectations for all Alabama students such as those found in the Alabama College and Career Ready Standards or Common Core.
- ★ Seek the fiscal year 2021 state budget appropriation for the University of South Alabama that reflects the institution's positive impact on its students, community and our region, along with additional funding to support USA Health in recognition of its unique mission as the region's only health care provider with a Level One Trauma Center, Burn Unit and Neonatal Intensive Care facility.
- ★ Support a fiscal year 2021 state budget appropriation for the Dauphin Island Sea Lab that reflects the institution's increased state-wide student and faculty participation in its nationally acclaimed education and research programs and supports the needed modernization of infrastructure to meet future programmatic growth.
- ★ In order to ensure the consistent and bi-partisan management of the planning, building and maintaining of the state's multimodal transportation system and the long-term management of state transportation planning and revenues, the Mobile Area Chamber supports legislation to allow for a board-governance structure and a non-political, board-appointed director of the Alabama Department of Transportation.
- ★ Advocate for a "yes" vote on a November 2020 statewide amendment to recompile Alabama's state Constitution, removing racist language and redundancy. Alabama legislators unanimously approved the amendment during the 2019 legislative session. The recompiling will be done by Alabama Legislative Services and must be approved by the legislators and the voters in 2022.

SUPPORTING AMERICA'S LARGEST EMPLOYER, SMALL BUSINESSES

- ★ Preserve jobs and economic growth in all sectors through the reduction of overly burdensome regulations that increase the cost of doing business, create uncertainty and have the potential to stifle growth.
- ★ Encourage the creation of a cabinet-level position in the executive branch to focus on the creation and growth of small businesses and entrepreneurial development in Alabama.
- ★ Support the growth and development of Mobile's entrepreneurial community and Innovation PortAL's mapping of entrepreneurial talent to meet the growing technological needs of industry with early state funding opportunities such as the State of Alabama Full Sail fund. The Full Sail entrepreneurial fund will provide much-needed programming, skills training and funding for entrepreneurial clients, as well as enable the engagement of local industry to identify technological solutions to small business challenges.
- ★ In order to avoid excessive and frivolous lawsuits and ensure fully-accessible public buildings and spaces, close the loophole in Title III of the American with Disabilities Act, by providing clearer rules for identifying and correcting ADA access violations and allowing business and property owners the opportunity to address and correct minor ADA infractions in a defined period of time, prior to an allowable civil law suit.
- ★ Protect an employer's right to provide a safe workplace by opposing any legislation that would keep an employer or property owner from restricting firearm possession on company or private property.
- ★ Support all efforts to decrease workers' compensation medical costs in Alabama by decreasing fraud in unemployment and workers' compensation claims with stronger statutes:
 - Maintain current Alabama laws that support an employer's right to choose the treating physician and second physician in workers' compensation claims.
 - Enact statutes that allow businesses to perform the Workman's Compensation claim checks prior to hire.

MADE BY ALABAMA, FOR AMERICA and THE WORLD

- ★ Maintain federal military contracts with Mobile-area employers, particularly the construction of Austal USA's Littoral Combat Ships, Expeditionary Fast Transport vessels, autonomous vehicle development and post-delivery support to the U.S. Navy.
- ★ Support Austal USA's bid to build the US Navy's Frigate and increase employment in Mobile.
- ★ Support fair trade and investment policy that expand access to international markets, reduce trade barriers, and increase foreign direct investment creating a level playing field to put Mobile area families, businesses, and workers first and improving the overall international competitiveness of Alabama exporters.

Advocate

MOBILE AREA CHAMBER OF COMMERCE

2021 LEGISLATIVE ACTION ITEMS

WE ARE THE CHAMBER, AND WE HAVE SERVED AS MOBILE'S PROGRESSIVE BUSINESS ADVOCATE SINCE 1836. MOBILE CONNECTS ALABAMA TO THE WORLD, AND THE CHAMBER IS HERE TO ADVOCATE FOR LEGISLATION THAT GROWS MOBILE AND ALABAMA'S INFLUENCE IN THE REGION, ACROSS THE COUNTRY, AND AROUND THE WORLD.

FUNDAMENTAL FOUNDATIONS FOR ALABAMA

- * As businesses continue to operate and provide their services to the community, they must do so without the threat of unwarranted lawsuits associated with coronavirus. The Mobile Area Chamber of Commerce supports codifying the Governor's Safe Harbor Proclamation to provide businesses and healthcare providers protection against civil liability resulting from the contraction of the coronavirus.
- * The Mobile Area Chamber of Commerce supports increasing Alabama's investment in transportation infrastructure to sustain and promote economic growth, job creation, quality of life and public safety. The Chamber recognizes there is a gap between current state resources and what is required to address the highway, bridge, and other road maintenance and capital needs in Alabama today and in the future, specifically for critical needs such as building the I-10 Mobile River bridge and completing the four-laning of U.S. Highway 98.
- * Advocate for adequately funding Alabama's Education budget, including Alabama's first-class pre-kindergarten, career tech, dual enrollment and other innovative programs, in order to ensure a competitive increase in student scoring, higher graduation rates and competitive college and career ready graduates; maintain high academic standards and expectations for all Alabama students such as those found in the Alabama College and Career Ready Standards or Common Core.
- * Seek a fiscal year 2022 state budget appropriation for the University of South Alabama that reflects the institution's positive impact on its students, community and our region, along with additional funding to support USA Health in recognition of its unique mission as the region's only health care provider with a Level One Trauma Center, Burn Unit and Neonatal Intensive Care facility.
- * Advocate for the official recognition of Dauphin Island Sea Lab Estuarium as the

Aquarium of Alabama and support a fiscal year 2022 state budget appropriation for DISL that reflects the institution's increased state-wide student and faculty participation in its nationally acclaimed education and research programs and supports the needed modernization of infrastructure to meet future programmatic growth.

- * In order to ensure the consistent and bi-partisan management of the planning, building and maintaining of the state's multimodal transportation system and the long-term management of state transportation planning and revenues, the Mobile Area Chamber supports legislation to allow for a tax-exempt Mobile Airport Authority.
- * Preserve the integrity of Alabama's First Congressional District through the 2021 redistricting process. It is imperative that Mobile and Baldwin counties remain together as a congressional district to build upon – and not harm – the united regional and business leadership that is unique to southwest Alabama.
- * Protect all businesses by reversing the judicially created “discovery rule” for allegations of exposure in toxic tort cases and return to the traditional rule in Alabama that the statute of limitations for allegations of personal injury due to exposure is two years from the date of the last exposure.

SUPPORTING SMALL BUSINESSES, AMERICA'S LARGEST EMPLOYER

- * Preserve jobs and economic growth in all sectors through the reduction of overly burdensome regulations that increase the cost of doing business, create uncertainty and have the potential to stifle growth.
- * Encourage the representation and engagement of the Alabama Innovation Commission and the Alabama STEM Council to improve the creation and growth of small businesses and entrepreneurial development in Alabama as well as workforce development opportunities across the state.
- * Support the growth and development of Mobile's entrepreneurial community and Innovation Portal's mapping of entrepreneurial talent to meet the growing technological needs of industry with state funding opportunities. Promote efforts to provide much-needed programming, skills training and funding for entrepreneurial clients, as well as enable the engagement of local industry to identify technological solutions to small business challenges.
- * In order to avoid excessive and frivolous lawsuits and ensure fully-accessible public buildings and spaces, close the loophole in Title III of the American with Disabilities Act, by providing clearer rules for identifying and correcting ADA access violations and allowing business and property owners the opportunity to address and correct minor ADA infractions in a defined period of time, prior to an allowable civil law suit.
- * Protect an employer's right to provide a safe workplace by opposing any legislation that would keep an employer or property owner from restricting firearm possession on company or private property.
- * Support measures to replenish the state's unemployment insurance trust fund that mitigates the impact of increased taxes on Alabama businesses, particularly small businesses, that are facing unprecedented unemployment insurance tax increases due to the ongoing pandemic.
- * Ensure small businesses are truly protected from being frivolously named in lawsuits as part of forum shopping by supporting legislation to amended Ala. Code 6-5-501(2)(a)

and 6-5-521 to make clear that the only exception to the immunity of innocent distributors is independent torts wholly unrelated to product liability claims.

MADE BY ALABAMA, FOR AMERICA and THE WORLD

- * Maintain federal military contracts with Mobile-area employers, particularly the Navy's shipbuilding blueprint for the future which includes current and future small surface combatants and auxiliary ships to incorporate autonomous and unmanned surface vehicles and Expeditionary Fast Transports.
- * Support free and fair trade and investment policies that expand access to international markets, reduce trade barriers, and increase foreign direct investment creating a level playing field to put Mobile area families, businesses, and workers first and improving the overall international competitiveness of Alabama exporters.

KEEPING ALABAMA OPEN FOR BUSINESS

- * Continued support to fund the U.S. Army Corps of Engineers Mobile District Civil Works program in support of the deepening and widening and the annual operations and maintenance dredging of the Mobile Ship Channel; maintain necessary funding for the operation and maintenance of Alabama's commerce waterways, including the deepening of the Bayou la Batre and Coden ship channels.
- * Support the funding and construction of the proposed I-10 Mobile River Bridge and partner with the Alabama Department of Transportation and the Federal Highway Administration to actively seek construction funding through Infrastructure For Rebuilding America (INFRA) Grants and other sources.
- * Support the extension of the state income tax credit through 2029 for rehabilitation of certified historic structures, a proven incentive for bringing more investment capital into projects that will use it directly for job creation and sustained economic activity.
- * Continued support for the renewal of economic development tax incentives, the Alabama Jobs Act and the Growing Alabama Tax Credit. These programs have become the foundation of the state's economic development efforts, and they have been tied to the state's largest new industry announcements in recent years.

A HEALTHY ALABAMA

- * Support measures to address the growing opioid crisis in Alabama that has detrimental effects on the availability of a qualified workforce, workplace safety and overall community health.
- * Support a provider-driven approach to reforming Alabama's current Medicaid program to ensure access to care, control costs and maximize the return of Alabama's tax dollars to the state.
- * Seek a permanent funding source for Mobile's Programs for All-inclusive Care of the Elderly (PACE) and the expansion of such programs across the state in order to draw down increased federal funds for the medical care of the state's growing nursing home population at a cost savings to Medicaid.

GOOD STEWARDSHIP OF ALABAMA'S NATURAL RESOURCES

- * Support the continuation of federal payments to Alabama, specifically Mobile and Baldwin counties, from the 2006 Gulf of Mexico Energy Security Act (GOMESA). Under GOMESA, Alabama, Mississippi, Louisiana and Texas receive a share of revenue from oil and gas drilling in federal waters, which helps address coastal restoration, hurricane protection and watershed management programs in coastal Alabama.

TRAINING and ADVANCING ALABAMA'S WORKFORCE

- * Continue to identify needs and support demand-driven strategic workforce training initiatives in south Alabama's key economic growth sectors, including aerospace, maritime and advanced manufacturing.
- * As prison reform is addressed, advocate for reentry and job skills training programs to meet the need for able-bodied workers in our region.

TRANSPORTATION
PAY-AS-YOU-GO REFERENDUM**

The MOBILE COUNTY COMMISSION directed the Mobile County Engineering Department to prepare the following Engineering Report for the proposed 2018 Transportation Pay-As-You-Go Program.

**PROPOSED APPROPRIATION OF FUNDS
MOBILE COUNTY 2018 TRANSPORTATION**

PAY-AS-YOU-GO PROGRAM FUNDS	\$60,000,000
FEDERAL FUNDS	\$29,329,600
TOTAL PROGRAM FUNDING	\$89,329,600

\$30 million in countywide road and bridge improvement projects have been selected by the Commission, regardless of the district or municipality in which they are located. Three of the selected countywide projects will receive matching federal funds, providing a supplement of \$29.3 million for the 2018 program. Also, an additional \$30 million is divided among the three Commission Districts for road and bridge projects within all eleven municipalities and within unincorporated areas of the County.

The Mobile County 2018 Transportation Pay-As-You-Go Program totals \$89.3 million for road and bridge improvements. Funding for the 2018 program will require voter approval in a countywide referendum on November 6, 2018.

The Mobile Area Chamber of Commerce supports a "YES" vote on the November 6, 2018 referendum to address critical road and bridge projects within Mobile County. These projects are paid for by a 6.5 mills portion of the ad valorem taxes collected by Mobile County.

ALABAMA TAXPAYERS' BILL OF RIGHTS II
Statement of Support for HB105 sponsored by Rep. Paul DeMarco.

Support legislation to create the Alabama Tax Appeals Commission (ATAC) as an independent state tax agency, headed by a judge selected in a non-partisan manner who has specific training in state and local taxation; and seek passage of the Alabama Taxpayers' Bill of Rights II, an update and expansion of the original landmark legislation enacted in 1992, which extends the appeal deadlines for taxpayers.

This legislation amends a number of elements that were either not addressed or have not been successful from the original Taxpayer Bill of Rights. Changes to the law are mostly in favor of the taxpayer and include:

- Under current law, an Alabama taxpayer dispute is heard by an Administrative Law Judge that works under the Alabama Law Division. Currently, the Alabama Law Division acts as a department of the Department of Revenue, the party adverse to the taxpayer. While there is no reason to believe that the Administrative Law judge is biased in favor of his employer, (in fact, history of rulings clearly shows his independence), it does give the appearance of unfairness.
- **Alabama Taxpayers' Bill of Rights II** makes the Alabama Law Division, and its presiding judge, an independent body by creating the Alabama Tax Appeals Commission. It abolishes the current Administrative Law Division of the Alabama Department of Revenue and transfers both the personnel and equipment to a newly-formed state agency, under the executive branch. Without such a change Alabama will remain in the distinct minority of states that lack an independent tax appeals tribunal. Alabama received a "D" on the latest State Tax Due Process Scorecard issued by the Council on State Taxation, primarily for this reason.
- In addition to extending the taxpayer's appeal period from 30 days to 60 days, **Alabama Taxpayers' Bill of Rights II** aligns many of Alabama's tax penalties, regulations and statute of limitations to those of the federal tax laws.
- The Business Associations' Tax Coalition, the Business Council of Alabama, the Alabama Society of CPAs, the Birmingham Business Alliance, the Alabama State Bar, Eagle Forum, the American Bar Association, the Council on State Taxation and the National Taxpayers Union have all endorsed these changes. The Legislative Fiscal Office scored last year's version of the bill, HB 427, as revenue neutral.

Mobile Area Chamber of Commerce
Statement of opposition to Alabama Memorial Preservation Act of 2017

As an extension of the Mobile Area Chamber's advocacy purpose to encourage work at all levels of government that stimulates jobs, the Chamber opposes enacting any legislation or regulation that would have an unnecessary or detrimental effect on existing industry, infrastructure improvements or economic development.

The Alabama Memorial Preservation Act of 2017, introduced as SB60/HB99, would prohibit the movement, renaming, relocation, and even the temporary relocation, of any public monument or marker on state, county or city property. Although in certain cases a waiver from the Permanent Joint Committee on Alabama Monument Protection may be applied for, the process could be lengthy and complex. If allowed at all, the waiver procedure could take months, if not years, and dramatically alter the progress of a new industrial development, economic development project, neighborhood enhancement and all other community building projects. The waiver or project may be denied all together and permanently deter the development, prospect or infrastructure improvement.

Given these reasons and guided by advocacy purpose, the Mobile Area Chamber of Commerce opposes the Alabama Memorial Preservation Act of 2017.

Approved:

February 23, 2017

Promotion of Other Organizations' Events

Though the Chamber desires to promote positive, impactful events in our community, the organization's first responsibility is to publicize Chamber events to help ensure they are productive, well attended, profitable and impactful to the Chamber's mission and annual plan of action.

Requests to promote another organizations' events should be referred to the Chamber's Communications and Marketing Department for their consideration. Additionally, business news and events may be submitted for publication in the Chamber's Business View Weekly e-newsletter, through the Chamber's website, www.mobilechamber.com/calendar.

Approved:

April 20, 2017

Volkswagen 2.0-liter TDI Buy Back

Be it resolved this 22nd day of February 2017 that the Board of Directors governing the Mobile Area Chamber of Commerce hereby authorizes and approves:

THAT Matthew Hariel, Vice President of Finance, be hereby designated and appointed to act on behalf of the Mobile Area Chamber of Commerce for the purpose of submitting a claim under the Volkswagen 2.0-liter TDI Class Action Settlement, and completing the buyback transaction along with any and all acts and duties necessary to complete the said process.

Adopted this 22nd day of February, 2017.

**Mobile Area Chamber of Commerce
Position Statement on Trade and Tariffs**

The Mobile Area Chamber of Commerce (Chamber) has a longstanding history of support for fair trade practices and investment agreements that expand access to international markets and reduce trade barriers. The Chamber calls for trade policies to increase foreign direct investment and create a level playing field to improve the competitiveness of Alabama exporters. The Chamber remains concerned about tariffs which affect raw material such as aluminum and steel. These tariffs could adversely impact our manufacturing sector and impede the ability to recruit new investment to Mobile. Additionally, there could be unintended consequences of retaliation from our trade partners, and damage to our international relationships and port economy.

4/27/18

POSITION STATEMENT IN SUPPORT OF ENHANCING COMMERCIAL AVIATION IN THE MOBILE AREA

For many reasons including expensive airfares, difficult airport access and limited non-stop flight options, Mobile Regional Airport only captures 53% of passengers in its catchment area. Total enplanements at Mobile Regional are down 28.5% from 1990 (396,393) to 2016 (283,309). In comparison, total enplanements at Pensacola International Airport, Mobile's most direct competitor, are up 81.8% from 1990 (433,766) to 2016 (788,517).

A 2018 Mobile Airport Authority systems study shows that by moving commercial air service from Mobile Regional Airport to the Mobile Downtown Airport, the Mobile area will enjoy increased total enplanements, paving the way for a more robust and competitive commercial air service market that will yield additional direct and non-stop flight options, more low-cost carriers and lower ticket prices. In fact, numerous low-cost carriers have recently expressed interest in providing commercial air service from Mobile Downtown Airport.

The estimated net benefit over the next 20 years of moving commercial air service from Mobile Regional to Mobile Downtown Airport is \$235 million for Mobile County; \$1.1 billion for the city of Mobile; \$56.4 million for Mobile County Public Schools and \$451.2 million for the state of Alabama.

Given these reasons, the Board of Directors supports a planning process by the Mobile Airport Authority to further explore the transition of commercial air service from Mobile Regional Airport to the Mobile Downtown Airport.

Done this 28th day of June 2018.

**POSITION STATEMENT
IN SUPPORT OF
UNIVERSITY OF SOUTH ALABAMA
ON-CAMPUS STADIUM**

The University of South Alabama has become a major part of Mobile's economy and provides a multi-billion dollar impact to the Mobile area on an annual basis. The University of South Alabama's continued maturation has grown to the point of needing an on-campus athletic stadium. On-campus athletic events will positively impact the expansion of the hospitality industry and tax revenues throughout the city.

The Mobile Area Chamber of Commerce Board of Directors supports the University of South Alabama's efforts to construct an on-campus stadium, while also supporting the redevelopment and investment in an appropriate facility at the current site of Ladd-Peebles Stadium.

Done this 28th day of June 2018.

SHEFFIELD SCHOOL OF DANCE 75th ANNIVERSARY

WHEREAS: In 1943, Sheffield School of Dance was founded by Mary Lou Sheffield-Noletto; and

WHEREAS: The facility has grown from a small one room facility to a state of the art studio with three locations throughout Mobile / Baldwin metro area; and

WHEREAS: The school serves nearly 500 students of all ages and levels; and

WHEREAS: Over the years, Mary Lou Sheffield-Noletto has touched the lives of thousands of children; and

WHEREAS: The staff of Sheffield School of Dance promises to instill a passion and love for the beautiful art of dance to all; and

WHEREAS: Sheffield School of Dance is the 2016 and 2017 Nappie Award winner for “Best Dance Studio” in Mobile and Baldwin County;

WHEREAS: Sheffield School of Dance has been a member of the Mobile Area Chamber of Commerce since 1994; and

NOW, THEREFORE, BE IT RESOLVED that the Board of Directors of the Mobile Area Chamber of Commerce recognizes and congratulates Sheffield School of Dance on 75 years of successful operation and support of Mobile’s economy and community.

Done this 28th day of June, 2018.

Brian Willman, Chair of the Board

William B. Sisson, President and CEO

RESOLUTION OF APPRECIATION TO REPRESENTATIVE JAMES BUSKEY

WHEREAS: James Buskey, a native of South Alabama, was elected to serve the citizens of House District 99 in 1976; and

WHEREAS: James Buskey earned degrees from Alabama State University, University of North Carolina at Chapel Hill, and the University of Colorado in Boulder; and

WHEREAS: James Buskey is a retired school administrator from E.S. Chastang Middle School, serves as an organizer and director of the Franklin Memorial Clinic, and is an organizer and former director of the Commonwealth National Bank; and

WHEREAS: James Buskey was instrumental in the passing of legislation which changed Mobile's city government to a Mayor / Council form in 1985; and

WHEREAS: James Buskey passed the Sickle Cell Oversight and Regulatory Commission bill, has been helping to get the appropriation to sickle cell to its present level and is known as the godfather of Sickle Cell in Alabama by the University of South Alabama Comprehensive Sickle Cell Program, and

WHEREAS: James Buskey recently sponsored the Entertainment District bill, which started the current revitalization of Downtown Mobile;

WHEREAS: James Buskey most recently sponsored the Sidewalk Sales bill so alcohol could be served on adjacent sidewalks, as well as sponsoring the Brunch bill, which allows on-premises sales of alcohol on Sunday mornings at 10:00 am; and

NOW, THEREFORE, BE IT RESOLVED that the Mobile Area Chamber of Commerce Board of Directors expresses its appreciation and gratitude to Representative James Buskey for his leadership and dedication to the betterment of South Alabama and its citizenry, leaving a benchmark of progress that will carry the region to future prosperity.

Done this 16th day of August 2018.

Brian Willman, Chairman of the Board

William B. Sisson, President and CEO

**Position Statement in Support of
Deepening and Widening the Mobile Ship Channel
September 27, 2018**

The Port of Mobile (Port) is a tremendous economic engine, generating over 134,000 direct and indirect jobs, over \$486 million in direct and indirect tax impact, and yielding a total economic value of over \$22.4 billion.

The Port's current channel depth is 45 feet to the tunnels and 40 feet in the Mobile River harbor. Most of the Mobile Ship Channel connecting the Gulf of Mexico to the Port is currently 45 feet deep and 400 feet wide. Larger cargo ships which require additional depth are becoming the norm and the Mobile container terminal is a fast-growing part of the Port's business. The U.S. Army Corps of Engineers (Corps) is considering a \$388 million plan to enlarge the Mobile Ship Channel for the Port to remain competitive.

The Mobile Area Chamber of Commerce (Chamber) has long supported "infrastructure funding and legislative initiatives that improve the prospect of future economic success, including improvements to the port, as well as strategic transportation infrastructure needs" and the Chamber's current legislative agenda calls for "Continued support to fund the U.S. Army Corps of Engineers Mobile District Civil Works program in support of the deepening and widening and annual operations and maintenance dredging of the Mobile Ship Channel."

Given these reasons, the Board of Directors of the Mobile Area Chamber of Commerce fully supports the Corps of Engineers plan to deepen and widen the Mobile Ship Channel to help the Port of Mobile stay competitive and continue to benefit Mobile's economy.

Done this 27th day of September 2018

**RESOLUTIONS OF THE BOARD OF DIRECTORS OF
THE MOBILE AREA CHAMBER OF COMMERCE**

The undersigned Matthew B. Hariel, as Vice President of Finance and Operations of the Mobile Area Chamber of Commerce (the “Chamber”) hereby certifies that the resolutions attached hereto were duly adopted at a duly called and noticed meeting of the Board of Directors of the Chamber on October 18, 2018, and that such resolutions have not been modified or rescinded as of the date hereof.

WHEREAS, the Mobile Area Chamber of Commerce, an Alabama non-profit corporation (the “Chamber”), desires to make application to the United States Department of Commerce, Economic Development Administration (the “EDA”) for a public works grant; and

WHEREAS, the Board of Directors of the Chamber (the “Board”) believes it to be fair, advisable, and in the best interests of the Chamber for the Chamber to make application for such grant, and if awarded, to accept and administer such grant subject to the terms and conditions set forth herein.

NOW, THEREFORE, BE IT RESOLVED, that the Chamber be, and it hereby is, authorized and approved to make application to the EDA for a grant in an amount up to \$6,384,916.00 including \$4,853,570.00 federal funds and \$1,941,428 matching funds; and

FURTHER RESOLVED, that WILLIAM B. SISSON, as President and CEO, be and hereby is authorized and directed to execute and deliver to the EDA all such applications, documents, contracts, instruments, reports, financial information and other forms as he, as such President and CEO, deems advisable and necessary in connection with obtaining and administering said grant; and

FURTHER RESOLVED, that, in the event a grant is awarded to the Chamber by the EDA, the Chamber is authorized to accept such grant on such terms and conditions as WILLIAM B. SISSON, as President and CEO of the Chamber, may, in his discretion, deem appropriate; and

FURTHER RESOLVED, that all actions heretofore taken by WILLIAM B. SISSON, as President and CEO of the Chamber, in connection with the EDA grant, including, without limitation, the execution and delivery of any instruments or other documents as he shall have determined to be necessary or appropriate in connection with such grant application and administration, are hereby authorized, ratified, confirmed and approved.

Done this 18th day of October 2018.

Mobile Area Chamber Adds Support for Gov. Ivey's Rebuild Alabama Bill

- Chamber Reinforces the Need for Infrastructure Funding
- Infrastructure Key to Mobile's Economic Development Success

[Mobile, Ala., 03.07.2019] – The Mobile Area Chamber is joining several other chambers of commerce across the state this week in supporting Gov. Kay Ivey's Rebuild Alabama bill. The bill introduces a 10-cent gas tax to be implemented over three years to fund maintenance or construction of roads and bridges, provide match funds for federal road or bridge projects and designate monies to improve the ship channel at the state's only deepwater port.

The Chamber continued to call for funding for infrastructure improvements, including the Port of Mobile and a new I-10 bridge and Bayway project, when it released its 2019 Legislative Agenda earlier this year.

"Infrastructure is among our greatest assets and key to our economic development success," said Bill Sisson, the Chamber's president and CEO. "The Port of Mobile is the gateway for goods to reach every corner of our state and for Alabama's exports to reach the world. Without an investment in infrastructure, not only will the port's capacity be capped, but the roads and rails moving products throughout the state and across the county will continue to deteriorate, eventually impeding commerce," he added.

"All 67 counties depend on Alabama's seaport to export goods around the world. Whether it's poultry products from Sand Mountain, auto components, coal from Walker county or the other products made by men and women across the state, the Alabama seaport is a critical part of their business plan to compete worldwide. The infrastructure improvements we envision will make Alabama's seaport more competitive and better able to support manufacturing and other industries across every part of Alabama," said Jimmy Lyons, director and CEO of the Alabama State Port Authority.

TRIP, the national nonprofit organization promotes transportation to relieve traffic congestion, and recently held media conferences throughout the state touting the cost of deficient roads and bridges, along with how increasing congestion and safety is costing Alabama drivers, ranging from \$1,301 in Anniston-Oxford-Gadsden to \$1,846 in Birmingham annually in vehicle operating costs and lost time. The cost for Mobile area drivers is \$1,576. By comparison Gov. Ivey's bill estimates it will cost the average Alabama driver \$55 a year.

"Alabama's methods of paying for transportation infrastructure have lost and continue to lose purchasing power due to inflation, increasing fuel efficiency and fleet changes, erasing the effects of the 1992 gas tax increase," according to the 2019 *Addressing Alabama's Transportation Infrastructure: Roads and Bridges* policy report published by the Alabama Transportation Policy Research Center at The University of Alabama. The report includes two graphs depicting the state's current 18-cent gas tax purchasing power has decreased to 11 cents, equating that to a \$8.4 billion loss due to inflation.

“Increasing fuel efficiency is reducing gasoline consumption and the resulting revenue even as vehicle miles of travel and population increase,” states the report.

The Chamber’s Board of Directors Chairman Daniel Dennis with Roberts Brothers, said, “The cost of doing nothing is too great not only for our future economic development efforts but for the time and safety of our citizens.”

“It is incredibly important that we come together as a business community to support this bill,” said Sisson. “As companies look to locate and expand here, they are carefully analyzing our infrastructure capabilities. The better our roads, bridges and traffic patterns are, the faster Mobile will rise on their short list of viable locations.”

Ivey’s proposed legislation would increase the per gallon gas tax by 10 cents, starting with six cents in October 2019, and then an additional two cents in 2020 and the final two cents in 2021.

Sisson added this increase would more closely align Alabama with policies of its neighboring states.

BUILD ON

HUNTSVILLE
MADISON COUNTY
CHAMBER

Chamber of Commerce
CCAA
Association of Alabama

THE
CHAMBER
OF COMMERCE OF WEST ALABAMA

Dear Senator:

We write to you today to oppose SB 119, which would repeal the Alabama College and Career Ready Standards. Our organizations would encourage you to reject any legislative proposal that harms Alabama's standards or usurps the authority of the Alabama State Board of Education.

The voices of business and industry for the State of Alabama have united in support of rigorous education standards that will ensure that our students are college and career ready when they graduate from high school. The Alabama standards are the cornerstone of the state's Plan 2020 to increase graduation rates, reduce college remediation and raise student achievement.

We believe that education standards that allow students to move from state to state, or region to region without fear of falling behind or repeating material are critical to our economy and our workforce. Organizations representing education, business and the military have also expressed their support. These include the Department of Defense Education Activity, the Military Child Education Coalition and the National Parent Teacher Association.

Repealing these standards would damage our schools, our teachers and our students that are already well into implementation of our standards, and it would certainly damage our economic development efforts in attracting companies who value an educated workforce. Our children need to be among the best educated in the world to compete for admission into the best colleges and to secure good-paying jobs. The elimination or dumbing down of standards is a disservice to them.

We feel strongly that this is a matter best left to the Alabama State Board of Education, a body created and empowered by Alabama's constitution to handle these issues.

Thank you for your consideration of this important issue impacting Alabama and for any support you will provide to eliminating this threat to Alabama's standards.

Memorandum of Understanding

Between parties:

Mobile Area Chamber of Commerce (MACC)

P.O. Box 2187
Mobile, AL 36652

and

Aéro Montréal

380 Saint-Antoine Street West, Suite 8000
Montréal, Québec, Canada, H2Y 3X7

WHEREAS:

- MACC, the economic development entity for both the city of Mobile and Mobile County, is a non-profit organization that seeks to promote and grow the aerospace industry in Alabama, and continue to make this sector a leading economic driver in our state;
- AÉRO MONTRÉAL, the aerospace cluster of Québec, is an industry-led non-profit organization that brings together the entire aerospace sector of Québec, Canada (industry, associations, unions, educational and research institutions) around shared objectives;
- Both organizations have similar objectives for their members and share a strong belief in business and supply chain expansion potential when actively matching members of both organizations.

THE PARTIES THEREFORE DECLARE THEIR INTENT TO COLLABORATE ON ISSUES AND ACTIVITIES AS FOLLOWS:

- to exchange information about offers or needs of their cluster members;
- to exchange information about training, conferences and seminars;
- to invite each other to appropriate events;
- to exchange information about possibilities of taking part in international events (such as the Paris and Farnborough Air Shows);
- to define possibilities of research projects for members of both clusters;
- to organize jointly, economic missions or broker meetings for the members of both clusters, as resources permit;
- to exchange information on supplier development initiatives;
- to exchange information in the field of qualification and training of aerospace personnel;
- to support reciprocally each other's projects in any reasonable and appropriate manner;

- to publicize this MOU as appropriate in publications and on websites of respective Parties;
- to promote institutional exchanges of colleges and universities by facilitating the invitation of faculty and staff of the partner educational institutions to participate in a variety of teaching and/or research activities and professional development related to aerospace.

The MOU does not obligate or commit funds between Parties. Separate agreements will delineate roles and responsibilities of each party in accomplishing specific tasks in that separate agreement. Nothing in this MOU shall be construed as giving rise to a relationship among or between the Parties.

It is understood that the Parties shall be responsible for their own costs as incurred in operating under this MOU. It is further agreed that the signature of this MOU does not preclude either of the Parties from signing a similar document with any other party or parties or further obligates either of the Parties to sign any other agreement with each other.

Any information provided by each of the Parties hereunder is non-confidential and open to the public. In the event Parties need to share confidential information, they will agree on a separate non-disclosure agreement.

This MOU can be amended with attachments describing the agreed joint projects by the Parties.

NOW, THEREFORE, BE IT RESOLVED that the Board of Directors of the Mobile Area Chamber of Commerce recognizes and congratulates Metzger’s Inc. on 100 years of successful operation and support of Mobile’s economy and community.

Done this 24th day of October, 2019.

Daniel Dennis IV, Chair of the Board

William B. Sisson, President and CEO

POSITION STATEMENT IN SUPPORT OF ANNEXATION EFFORTS CITY OF MOBILE

The Mobile Area Chamber of Commerce has long-supported the growth of the City of Mobile through annexation. The Mobile City Council is being asked to give citizens in three unincorporated areas in Mobile County the opportunity to vote to be annexed into the city of Mobile. The Mobile Area Chamber believes this to be beneficial to all concerned, and urges the Mobile City Council give citizens a voice on annexation.

The City of Mobile has been providing fire and police protection to citizens living within a three-mile police jurisdiction around the city. If these areas are annexed into the city of Mobile, citizens within the proposed areas would begin paying for police and fire protection, lessening the current tax burden provided by citizens of Mobile.

The Mobile Area Chamber advocates for strong coordination between the city of Mobile and Mobile County to ensure a smooth transition of police and fire protection in the affected areas within the three-mile police jurisdiction.

Also, the proposed annexation will increase Mobile's population from 192,000 to just over 205,000, making Mobile Alabama's second largest city. A larger population before the 2020 U.S. Census count enables Mobile to be eligible for additional federal grants addressing critical needs, such as public safety, youth initiatives, housing and transportation. It is impossible to underestimate the importance of this opportunity to the future economic growth and well-being of the city of Mobile and its citizens.

The Mobile Area Chamber strongly encourages the Mobile City Council to call for a vote that will allow impacted citizens to join the city of Mobile. Calling for an annexation vote by the Mobile City Council would be consistent with the five previous calls for a vote over the last 27 years.

Mobile Area Chamber Encourages a YES Vote to Amendment One

Today, the Mobile Area Chamber announced it is in support of a YES vote to Amendment One, appearing on ballots in Tuesday's primary election.

A YES vote will both change the name of the Alabama State Board of Education, and move from elected members to appointed ones. The Alabama Commission on Elementary and Secondary Education would be established, and its members would be elected by Alabama's Governor, and approved by the Alabama State Senate.

"We believe Amendment One would create a board that can better address progress in Alabama schools for a better educated and prepared workforce," said Bill Sisson, president and CEO of the Mobile Area Chamber.

Currently Alabama is only one of six states, and the District of Columbia where state school board members are elected and not appointed.

March 2, 2020

May 5, 2020

Mobile County Legislative Delegation
104 South Lawrence Street
Mobile, Alabama 36602

Dear Members of the Mobile County Legislative Delegation:

As all of us continue to adjust to life in the face of the COVID-19 pandemic, it is essential that businesses begin to reopen their doors and continue providing their services to our community. This crisis has drastically changed how businesses operate and has had devastating impacts on communities across our state.

As businesses begin to responsibly reopen, they must do so without the threat of unwarranted lawsuits associated with the virus. **We are asking you to support SB330 to provide businesses and healthcare providers with protection against civil liability resulting from the contraction of the coronavirus.**

In a survey of our members late last month, liability issues were a top concern of businesses as they looked to reopen. Specifically, more than 60 percent of Mobile Area Chamber of Commerce members wanted the state to provide civil liability protection related to the virus when they open.

Business in all industries are facing major financial damages from this pandemic, and businesses, especially small businesses, cannot afford to be exposed to additional financial injury from lawsuits and circumstances outside of their control.

Thank you for lending your support and voice to this critical issue.

Sincerely,

William B. Sisson
President and CEO

sm

STATEMENT OF DIVERSITY, EQUITY AND INCLUSION

The Mobile Area Chamber of Commerce is committed to being an inclusive organization. We strive to have an environment within our organization that fosters and encourages diversity, reflective of the makeup of our community. We believe diversity of thought enriches discussion, results in better judgment, and enhances the growth and development of our organization, and our community as well.

To accomplish this, the Mobile Area Chamber commits to:

1. Annually review the makeup of our Board of Directors with a special emphasis on diversity.
2. Encourage diversity on our committees and task forces.
3. Recruit and nurture new leadership roles for our organization from among women and minorities.
4. Work to attract more diversity in our membership.
5. Ensure diversity is reflected in the makeup of our staff.
6. Provide in-service training for staff on valuing diversity and sensitivity in the workplace.
7. Ensure our purchasing procedures are open and available to all members.
8. Encourage staff participation in minority affairs, events and activities.
9. Support our members, customers and suppliers in their efforts to encourage diversity within their companies or organizations.

Adopted 6/25/2020

Unified Development Code
Adopted by the Mobile Area Chamber of Commerce
Board of Directors June 25, 2020

The City of Mobile is currently updating city zoning regulations to a new “Unified Development Code” (UDC). The UDC is presently in a third “draft” version and the City of Mobile is requesting public input.

The Mobile Area Chamber of Commerce (Chamber) has a long-held position to “preserve jobs and economic growth through the removal of barriers that can derail infrastructure projects and the reduction of overly burdensome regulations that create uncertainty and have the potential to stifle growth.”

Given this position, the Chamber is concerned the present UDC version three requires “conditional use” approval for pipelines, fiber optics and all other underground utilities in all zoning districts. The current zoning ordinance allows these in all districts “by right.” Changing to conditional use approval will require neighborhood meetings, planning commission review, and final action by the Mobile City Council. This is a substantial change from the existing ordinance. Such a process would be lengthy, create uncertainty and be a detriment to further investment in Mobile.

Pipelines are an important infrastructure and commonplace, especially in a port city. The Chamber requests the proposed zoning ordinance be revised to conform with the existing zoning ordinance and provide that pipelines, fiber optics and all other underground utilities are permitted in all districts as a “matter of right.”

Version 6/25/20

RESOLUTION ON THE RETIREMENT OF PAUL KLOTZ

WHEREAS: Paul Klotz is known as a veteran, scientist, business development professional and community servant; and

WHEREAS: Paul Klotz's legacy encompasses accomplishments from a 50-year career, the last 14 of which were with Thompson Engineering; and

WHEREAS: Paul graduated from the University of Mississippi with a BA in Biology and Psychology after which he entered the U.S. Air Force as an active duty officer; and

WHEREAS: Paul returned to the university after his service and earned a Master's Degree in Combined Sciences Chemistry and Biology and began his business career as an Environmental Manager for International Paper; and

WHEREAS: Paul worked for BCM Engineers and Malcome Pirnie in Mobile before joining Thompson Engineering as a Business Development Manager in 2006; and

WHEREAS: Paul's commitment to Thompson and the community should be a lasting example of how life is enriched through active participation as a volunteer; and

WHEREAS: Described by his colleagues as a man with the heart of a lion, Paul has worked tirelessly to raise awareness and funds for research to find a cure to ALS, which Paul was diagnosed with in 2009;

NOW, THEREFORE, LET IT BE RESOLVED that the Mobile Area Chamber of Commerce Board of Directors expresses its appreciation and gratitude to Paul Klotz for his 50 years of dedicated service to the Mobile community and wishes him only the best in his retirement years.

Done this 24th day of September 2020.

PROPOSED APPROPRIATION OF FUNDS

MOBILE COUNTY COMMISSION 2020 TRANSPORTATION

PAY-AS-YOU-GO PROGRAM FUNDS	\$58,000,000
STATE FUNDS	\$ 1,350,000
<u>MUNICIPAL FUNDS</u>	<u>\$ 1,500,000</u>
TOTAL PROGRAM FUNDING	\$60,850,000

\$28 million in countywide road and bridge improvement projects have been selected by the Commission, regardless of the district or municipality in which they are located. Also, an additional \$30 million is divided among the three Commission Districts for road and bridge projects within all eleven municipalities and within unincorporated areas of the County.

The Mobile County 2020 Transportation Pay-As-You-Go Program totals \$60.85 million for road and bridge improvements. Funding for the 2020 program will require voter approval in a countywide referendum on November 3, 2020.

The Mobile Area Chamber of Commerce supports a “YES” vote on the November 3, 2020 referendum to address critical road and bridge projects within Mobile County. These projects are paid for by a 6.5 mills portion of the ad valorem taxes collected by Mobile County.

**MOBILE AREA COUNCIL
BOY SCOUTS OF AMERICA
100TH BIRTHDAY**

WHEREAS, in 1919, the Boy Scout movement in the United States was spreading rapidly and had spread to Mobile;

WHEREAS, a group of civic-minded men met at the Mobile Area Chamber of Commerce to discuss organizing a Mobile Council;

WHEREAS, in 1919 a devastating fire swept the south side of the city razing forty city blocks. The newly organized Boy Scouts were cited for its outstanding assistance as guards in the stricken area and rendered valuable assistance to the firemen;

WHEREAS, in 2019 9,000 families benefited from Scouting for Food;

WHEREAS, nearly 3,000 youth members were served by the Council in 2019;

WHEREAS, in 2019, 250 girls were in Cub Scouts, Scouts BAS, Venturing, and Exploring in the council;

NOW, THEREFORE, BE IT RESOLVED THAT the Board of Directors of the Mobile Area Chamber of Commerce recognizes and congratulates the Mobile Area Council Boy Scouts of America on 100 years of successful operation and support of Mobile's economy and community.

Done this 19th day of March 2020.

Terry H. Harbin, Chairman of the Board

William B. Sisson, President and CEO

Investment Policy

I. Purpose

The Investment Policy should allow for the accumulation and subsequent investment of funds to allow the Mobile Area Chamber of Commerce (MACC) to: a) sustain basic operations and core member services; b) sustain services during an economic downturn; c) maximize services relative to the investment by members; and d) cover unbudgeted and extraordinary expenditures brought about by unanticipated challenges or opportunities for emergency funding.

The objectives of this Investment Policy have been established in conjunction with a comprehensive review of current and projected financial requirements. The objectives are:

1. Preservation of Capital
2. Growth of Capital
3. To generate income as needed to fund operations.

II. Responsibilities

MACC Executive Committee has the primary responsibility to establish the objectives of this policy and to designate others within the organization to carry out those objectives.

The Finance Committee is designated to act as the investment oversight committee and is responsible for recommending actions to either staff or the Executive Committee, including recommending the optional selection of an outside investment advisor/manager, and the periodic monitoring of performance in respect to the established policy.

The President and CEO and/or the VP of Finance and Operations is responsible for the ongoing management of invested funds including acting as the primary contact with the investment advisor/manager (if used), routine monitoring of the fund performance and periodic reporting to the Finance Committee and Executive Committee.

If chosen, a professional investment advisor(s)/manager(s) shall be used to make specific investment recommendations and assist in managing the fund assets according to the stated objectives. Each investment manager should be a regulated bank, an insurance company, a mutual fund organization, or a registered investment advisor.

III. Investment Guidelines

Funding of Investment Accounts – Each year based on MACC's prior years' performance, funds may be allocated to either the Short Term and/or Long-Term reserve. The placement of the funds will be determined by the President and CEO in conjunction with the Finance Committee and the Investment Advisor (if used).

Short Term Reserve Fund – The objective of the operating cash fund is to provide ready liquid assets to carry on the normal day-to-day operations of MACC. Earnings from the investment of these funds are to be used in normal operations. Investments for operating cash will be cash or cash equivalents that are liquid and immediately accessible by management to meet the daily operating needs of MACC. The Short-Term Reserve Fund will consist of checking accounts and a liquid interest-bearing money market account. Cash should be transferred as needed by management to maintain the average balance.

Disbursement Approval Process – Requests will be initiated by the President and CEO. Requests of less than \$20,000 will be subject to approval by MACC's President & CEO, Board Treasurer, and the Chair of the Board. Requests of \$20,000 or greater must be authorized by a vote of ACCE's Executive Committee.

Long Term Operating Reserve – The objective of the long-term reserve fund is to emphasize total return – that is the aggregate return from capital appreciation and income. The purpose of the fund is to provide financial stability and cash flows to support the mission of MACC. Investment earnings are expected to be re-invested. The fund is not intended to serve as a restricted endowment. The fund may be used, with the appropriate approvals, as indicated in the operating reserve policy.

Investments for the long-term reserves should be diversified with both liquid and other securities to provide a total return while avoiding undue risk concentrations in any single asset class or investment category. The long-term reserve asset allocation ranges for the objective are to be set and reviewed annually by the Finance Committee.

Long-Term Operating Reserve holdings may be in the form of money markets, certificates of deposit, corporate or government bond, mutual funds or ETFs (Exchange Traded Funds).

Additional requirements for the management of the portfolio (excluding those governmental in nature) are:

- Deposits in any one financial institution should not exceed 25% in the total of the cash and investments.
- Fixed amount of operating reserve to be designated annually by the Executive Committee.
- Insured investments should be no less than 50% of the Targeted Minimum Operating Reserve.

Disbursement Approval Process – Requests for withdrawals from the long-term fund will be initiated by the Treasurer and Finance Committee and approved by the Executive Committee. Disbursements would be made for example: long-term capital improvements, merger/acquisitions, strategic investments and recovery from economic crisis, and can be made from both income and principal.

IV. Accountability and Monitoring

A quarterly analysis of investments and earnings will be prepared by the VP of Finance & Operations and presented to the Finance Committee. The Finance Committee will periodically review the allocations among investment type to ensure they are meeting the needs of MACC and following the guidelines detailed in this investment policy.

If used, an investment manager shall provide performance evaluations to management annually and meet with the Finance Committee, at a time deemed appropriate by staff and the investment manager, to review fund performance and compliance with the policy.

V. Prohibited Transactions

The following are not permitted: short sales, transactions on margin, letter stock, equity investments other than mutual funds or exchanged traded funds (ETFs), private equities, hedge fund investments, unregistered or restricted stock, private placements, venture capital, below investment grade bonds, real estate and non-marketable securities.

COVID Liability Reform Support Letter

February 1, 2021

TO THE MEMBERS OF THE UNITED STATES CONGRESS:

The undersigned organizations urge you to include targeted and temporary liability protections as you consider President Biden's COVID relief package. As the Administration strives to reopen schools, protect our nation's health and strengthen our economy, these critical protections will help safeguard educational institutions, healthcare providers, businesses and non-profit organizations from unfair lawsuits.

The COVID-19 virus continues to rage throughout this country, presenting once-in-a-generation public health and economic challenges. Despite these difficulties, the development and distribution of vaccines give new hope for a future free of the crushing social and economic effects of the virus. Unfortunately, for many who remain on the front lines and continue to serve our communities during this pandemic, the threat of unfair litigation continues to loom. In 2020, over \$23 million was spent by plaintiffs' firms on COVID-19-related lawsuit advertisements, a clear indication that an influx of litigation is coming. As employers, educational institutions, and others answer President Biden's very appropriate call for face coverings and other protective steps, they should not have to worry that their actions will invite costly and unnecessary litigation.

The time for federal action implementing liability protections from such litigation is now. We thus urge you to include balanced liability relief provisions similar to last Congress' SAFE TO WORK ACT (S. 4317) in any further COVID-19 relief legislation. We believe that legislation in this space should ensure that unfair lawsuits will not hamper those who work to comply with applicable government guidelines. We also believe these protections should be limited in duration and scope in addition to preserving reasonable recourse for those harmed by truly bad actors.

Ensuring a bright post-pandemic future for our country's healthcare, business, and non-profit communities is a bipartisan objective. In the last round of COVID-19 relief negotiations, we were encouraged to see lawmakers from both sides of the aisle recognize the need for targeted and temporary liability relief. Lawmakers must come together now and ensure that the entities who continue to serve and protect their communities during this pandemic are themselves protected from unfair and harmful lawsuits.

In the wake of prior crises, Congress came together to pass needed liability protections with strong bipartisan support because lawmakers understood the acute threat of lawsuits at moments of maximum economic vulnerability. That threat is present again now. As such, Congress must take strong action now and provide a national baseline of liability protection during this national pandemic to prevent an influx of lawsuits from inhibiting our return to a robust economy and healthy citizenry.

Sincerely,

The Honorable Kay Ivey Governor
State of Alabama
600 Dexter Avenue
Montgomery, AL 36130

Dear Governor Ivey:

The Alabama District Export Council (ADEC) is a volunteer organization drawn from Alabama businesses, governmental agencies, and non-profits. Established in 1973 by the President and the Secretary of Commerce, District Export Councils are mandated to support the export expansion activities of the U.S. Department of Commerce and serve as a link between the business community and U.S. Export Assistance Centers (USEAC) across the United States. Our members have in-depth knowledge and experience in international business.

The ADEC and the listed businesses and industry below are writing to express deep reservations regarding the possibility of state and federal funding for new passenger rail service in Mobile County, Ala. The Alabama State Port Authority (ASPA), rail carriers and Alabama businesses have been closely monitoring a multiyear effort by the Southern Rail Commission (SRC) and Amtrak to establish new passenger rail service on the CSX corridor in Mobile County.

CSX's heavily used single track freight corridor serves the public terminals at Alabama's only seaport. Rail freight and containerized cargo shippers from across Alabama utilize CSX's southbound corridors and often cross on to the CSX Gulf Coast corridor to access Alabama's seaport and domestic markets to the east and west of Alabama. Shippers leverage efficiencies and capacity afforded by CSX 10,000 ft. to 15,000 ft. unit trains to access customers and receive necessary materials for manufacturing, mining, retail distribution and agribusiness, to name just a few examples. Currently, all rail sidings in the CSX corridor, including Alabama's coastal corridor, are 10,000 feet or less. Yet, under federal law, freight and container intermodal rail traffic must yield track right of way to passenger rail traffic.

To be clear, CSX would not be the only rail carrier impacted by new passenger rail service along the Gulf Coast. All of Alabama's Class I railroads and several short line railroads carrying merchandise, raw materials and containerized cargoes for Alabama shippers converge at the Port Authority's terminal rail yard and cross the CSX corridor to access the public seaport terminals. With over \$1.3 billion invested to date and another \$715 million in state and federal investment underway at Alabama's only seaport, delays and added congestion on the CSX line equate to customer dissatisfaction, increased costs to shippers and adverse impact on business competitiveness across the state. These kinds of impacts directly correlate to jobs retention and creation initiatives across Alabama.

Over a year ago, when the state and the City of Mobile were asked to contribute tax payer dollars to the Amtrak/SRC project, the Alabama State Port Authority, Governor Kay Ivey and the Mobile City Council urged a freight impact study and infrastructure cost analysis be conducted to identify actual freight and shipper impacts at one of the nation's fastest growth seaports, and more importantly, to identify the necessary improvements and true public costs to establishing passenger rail in this single-track corridor. State and municipal funding was contingent upon the completion of that study. As we understand, the objective of the freight study was to determine how both existing commerce and Amtrak passenger

1800 5th Avenue North, Suite 3300 | Robert S. Vance Federal Building | Birmingham, AL 35202

February 26, 2021

interests could be accommodated without adverse impacts to host railroads and their Alabama-based customers, Alabama's seaport and the state's ever-growing business recruitment, retention, and expansion initiatives.

Amtrak, with the support of the SRC, CSX and Norfolk Southern, embarked upon the above-mentioned study last spring, and the process has been funded in part by federal taxpayer dollars. The parties, with Amtrak leading the way, selected HOR, a nationally recognized firm with railroad expertise and credibility amongst rail carriers and regulators alike, to perform the necessary study work. Despite pandemic induced delays in the process, the study was targeted to be complete in first quarter of 2021.

Then, in late January, the Alabama State Port Authority learned that Amtrak had abruptly and unilaterally decided not to continue with the study. Furthermore, it was determined that Amtrak had informed the other parties that it intended to "restore" passenger rail in the Gulf Coast corridor effective January 2022, declaring adequate infrastructure existed to accommodate both freight and passengers.

The ADEC and the listed business interests ask Alabama's Congressional delegation, the State of Alabama, and the City and County of Mobile to send a strong message to Amtrak by withholding public subsidy for this proposed project. We further ask your support in asking Amtrak to live up to its promise of working with the other parties to complete the study work necessary to demonstrate the full impact of passenger rail on Alabama's seaport and the state's diversified commercial interests.

Paycheck Protection Program Deadline Extension Support Letter

March 3, 2021

The Honorable Chuck Schumer
Majority Leader
United States Senate
Washington, DC 20510

The Honorable Mitch McConnell
Republican Leader
United States Senate
Washington, DC 20510

The Honorable Ben Cardin
Chairman
Committee on Small Business
& Entrepreneurship
United States Senate
Washington, DC 20510

The Honorable Rand Paul
Ranking Member
Committee on Small Business
& Entrepreneurship
United States Senate
Washington, DC 205210

Dear Leader Schumer, Leader McConnell, Chairman Cardin and Ranking Member Paul:

The undersigned organizations, representing millions of American small businesses, urge extension of the deadline for the Paycheck Protection Program (PPP) through December 31, 2021.

Congress created the PPP through passage of the bipartisan Coronavirus Aid, Relief, and Economic Security Act (CARES Act), and in the past 12 months more than 5 million small businesses received PPP loans. That aid allowed between 1.4 and 3.2 million employees to stay on payroll even when their employers were forced to close their doors. Despite the breadth of this emergency aid, small businesses continue to struggle, especially minority-owned businesses. Survey data show that 66% of minority-owned small businesses fear permanent closure due to the pandemic compared to 57% of non-minority-owned firms.^[1] The same report shows that minorities have a harder time accessing the capital needed to keep their businesses open. More recent data show neighborhoods with a higher concentration of minority-owned businesses are experiencing higher business closure rates (36%) compared to businesses in non-minority communities (22%).^[2]

Legislation enacted last December helped target aid to small businesses that need help the most and the American Rescue Plan passed by the U.S. House of Representatives last week goes even further by providing targeted aid for the restaurant industry and for shuttered venues,

and by directing outreach and assistance to entrepreneurs in communities where minority-owned businesses are struggling.

All these steps, including President Biden's two-week initiative focusing PPP aid towards businesses with fewer than 20 employees, need additional time for them to actually produce the desired result. Extending the PPP deadline through the end of this year will ensure that the segment of small businesses facing the greatest obstacles do not get left behind.

We continue to need your help to ensure that Main Street emerges from the COVID-19 pandemic in a position of strength that bolsters America's recovery. Thank you for considering our views and please do not hesitate to contact any of the signatories if you have questions about the content of this letter.

Sincerely,

National

CREATIVE ECONOMY LETTER

April 26, 2021

The Honorable Nancy Pelosi, Speaker
United States House of Representatives
1236 Longworth House Office Building
Washington, D.C. 20510

The Honorable Charles Schumer, Leader
United States Senate
322 Hart Senate Office Building
Washington, D.C. 20515

The Honorable Kevin McCarthy, Leader
United States House of Representatives
2468 Rayburn House Office Building
Washington, D.C. 20510

The Honorable Mitch McConnell, Leader
United States Senate
317 Russell Senate Office Building
Washington, D.C. 20515

Dear Speaker Pelosi and Leaders Schumer, McConnell, and McCarthy:

Thank you for your leadership and continued work to protect Americans, stabilize the economy, and ensure the survival of key institutions and sectors during this challenging time. We represent a group of **113 chambers of commerce from 46 states** collectively working with **over 33 million employers, employees, and businesses** of all sizes and industries to respond to our national public health and economic crisis.

The 2020 CARES Act and the new American Rescue Plan Act provided much-needed relief to many of our members, however, there are critical gaps in the aid that fail to meet the needs of the creative economy and cultural infrastructure. A report from the Brookings Institution¹ found that the country's 670,000 creative economy businesses (which generate \$919.7 billion each year towards the GDP)² have collectively lost at least \$150 billion, and that over half of all workers in the creative sector remain unemployed.

Johns Hopkins University and the international Organization for Economic Cooperation and Development warn³ that the creative sector is among the most impacted industries in the country—with damaging ripple effects to restaurants, tourism, travel, and local businesses. Bureau of Economic Analysis data shows that the sector contracted by 59% between the end of 2019 and mid-2020—twice the rate of other highly impacted industries—and is rebounding at a slower rate.⁴

We request that the U.S. Congress work swiftly to enact the following provisions within the infrastructure and recovery package known as the American Jobs Plan. These proposals echo the *Put Creative Workers to Work* policy platform endorsed by over 2,300 creative businesses and creative workers in all 50 states.⁵

- Allocate \$14 billion to incentivize local, state, and tribal businesses and governments to put creative workers to work and activate cultural infrastructure, including hiring or tax credits to incentivize businesses and local and state agencies to accelerate hiring, re-hiring, or retention of creative workers; funds to incentivize financial institutions to invest in small creative businesses and creative entrepreneurs; grants to cover restart costs for small creative

⁴ Source: [U.S. Bureau of Economic Analysis](#), 2020

⁵ Visit <http://www.creativeworkers.net>

businesses and provide capital for the creation of new creative product to be sold; and support for local and state creative workforce programs.

- Allocate \$3 billion to spark an American cultural renaissance via the NEA, NEH, IMLS, and other federal agencies, including through creative jobs, fellowships, residencies, and commissions designed to drive local economic growth and community cohesion, produce free entertainment to encourage local spending, and incentivize local and state workforce development and infrastructure programs.
- Allocate \$1 billion in arts and creativity-based education for recovery via the Department of

Education, including a bridge program to incentivize retention of arts educators within education infrastructure.

- Direct the Federal Reserve to broaden their nonprofit lending facility under the Main Street Lending Program to specifically benefit mid-size nonprofits to those with more than 500 employees, and a loan forgiveness option.

As we face the road to economic recovery, we must prioritize creative infrastructure and the sector of creative and cultural institutions, particularly because they will help drive the recovery of local small businesses and economies of all types. With key investments and funding, cultural institutions can push the recovery forward across the country.

Sincerely,

Alabama

LASTEST BIPARTISAN INFRASTRUCTURE DEAL - U. S. CHAMBER OF COMMERCE

August 5, 2021

TO THE MEMBERS OF THE UNITED STATES CONGRESS:

The business community has been advocating for investment and modernization of America's infrastructure for over a decade and now is the time to act. Rebuilding America's infrastructure will create new jobs and spur economic growth, sustain the economy for the long-term, and improve the quality of life for every American.

We applaud the bipartisan group of Senators – led by Senators Portman and Sinema – who worked tirelessly to achieve agreement on this much-needed infrastructure proposal. America's productivity, global competitiveness and quality of life depend on all Members of Congress to make a durable commitment and outline a clear strategy that will invest in and modernize our crumbling roads, bridges, transit, rail, water and energy infrastructure, access to broadband, and more.

Enacting this bipartisan legislation will do just that, and we urge you to work with your colleagues on both sides of the aisle to see it across the finish line.

Businesses continue to pour their heart and soul into their communities and into the United States as a whole, providing well-paying jobs that spur economic growth and improving the quality of life for those in their community. Now, we need Congress to do their part and provide the investment needed to revitalize America's infrastructure so that businesses can continue to do their jobs efficiently and successfully.

Now is the time for action. We are counting on you to advance meaningful infrastructure legislation to help ensure our economy remains competitive and to improve the quality of life for all Americans.

Sincerely,

Alabama

April 8, 2022

U.S. Senator Richard C. Shelby
304 Russell Senate Office Building
Washington, DC 20510

Dear Senator Shelby,

On behalf of the Mobile Chamber, I am writing to express my strong support for a requested appropriation for the Dauphin Island Sea Lab's Alabama Aquarium. The Alabama Legislature designated this aquarium the "Official Aquarium of Alabama" during the 2021 legislative session through HB136, which was sponsored by Representative Chip Brown and had the full support of the Mobile-Baldwin Legislative Delegation.

If an appropriation is granted to modernize this facility, the Alabama Aquarium could increase its annual visitor attendance and expand its educational program offerings to yield self-sustaining revenue streams that would allow for future exhibit investment and provide campus-wide educational support.

The Alabama Aquarium is one of the largest attractions for our state's coastal tourists. Modernizing the Alabama Aquarium would do much to strengthen DISL's impact to southwest Alabama's economy and tourism sector.

I respectfully ask that you give every consideration to this appropriation request.
Sincerely,

A handwritten signature in blue ink, reading "Robert Chappelle", with a long horizontal flourish extending to the right.

Mr. John R. Cooper, Transportation Director
Alabama Department of Transportation
1701 I-65 West Service Road North
Mobile, AL 36618

Attention: Matt Ericksen, P.E.

RE: Multimodal Project Discretionary Grant (MPDG) Opportunity Support
SAFE 98 Project

Dear Mr. Cooper:

On behalf the Mobile Chamber and our 1,700 business members, representing 100,000 employees in the Mobile region, I am writing to support the Alabama Department of Transportation's INFRA Grant application through the U.S. Department of Transportation.

The SAFE 98 project is an important transportation infrastructure project that will improve mobility, safety, and efficiency along the US-98/SR-158 corridor in Mobile County in southwest Alabama.

Corridor studies identified needs and strategies to improve freight operations and mobility throughout the US-98 corridor, which connects three states. As the south Alabama region experiences tremendous growth, the SAFE 98 project is vital and will provide great benefits for citizens, travelers, and businesses, as well as regional commerce in one of the most congested areas of the state.

As a key stakeholder, and one who's 1,700 members will benefit greatly from the infrastructure improvements, the Mobile Chamber fully supports efforts to help fund and deliver this key infrastructure.

Should you have any questions regarding our endorsement, or if we can support the INFRA Grant application effort in any other way, please feel free to contact me at your convenience.

Thank you for your leadership in this important endeavor.

Sincerely,

A handwritten signature in blue ink, reading "Robert L. Chappelle Jr.", written over a light blue horizontal line.

RE: MEGA Grant Application Support
Mobile River Bridge and Bayway Project

Dear Mr. Cooper,

On behalf of the Mobile Chamber and our 1,700 business members, representing 100,000 employees in the Mobile region, I am writing to support the Alabama Department of Transportation's MEGA Grant application through the U.S. Department of Transportation.

The I-10 Mobile River Bridge and Bayway project is an important transportation infrastructure project that will improve mobility, safety, security, and efficiency along the I-10 corridor in Mobile and Baldwin Counties in Southwest Alabama.

Corridor studies identified needs and strategies to improve freight operations and mobility throughout the I-10 corridor, which connects eight states. The South Alabama region is experiencing tremendous growth – the Mobile River Bridge and Bayway project is vital and will provide great benefits for citizens, travelers, and businesses, as well as regional and interstate commerce.

As a key stakeholder, and one whose 1,700 members will benefit greatly from the infrastructure improvements, the Mobile Chamber fully supports efforts to help fund and deliver this key infrastructure.

Should you have any questions regarding our endorsement, or if we can support the MEGA Grant application effort in any other way, please feel free to contact me at your convenience.

Thank you for your leadership in this important endeavor.

Sincerely,

June 14, 2022

The Honorable Lauren McFerran
Chair
National Labor Relations Board
1015 Half Street, SE
Washington, DC 20570

Dear Chair McFerran:

The undersigned organizations write to express serious concerns with several issues coming before the National Labor Relations Board (NLRB or “the Board”). Specifically, we urge you to reject the legally-flawed arguments that the Board should impose card check organizing via case law and interfere with employer speech rights that are protected under the National Labor Relations Act (NLRA).

In a case called *Cemex*, the General Counsel (GC) has asked the Board to consider overturning long-standing precedent, and ignore Supreme Court decisions and the plain text of the NLRA. With regard to card check, the GC has asked the Board to revive the long-discredited *Joy Silk* doctrine. Under *Joy Silk*, if a union presented an employer with signature cards allegedly indicating interest by 50% +1 of workers in joining a union, the burden of proof would be on the employer to demonstrate why the cards were invalid. Short of satisfying what, in the eyes of the NLRB is likely to be a high bar, the employer would be compelled to recognize the cards and commence collective bargaining.

In two seminal Supreme Court cases, *Gissel Packing* and *Linden Lumber*, the Court rejected the concept of mandatory card check recognition. In fact, in the *Gissel* decision, the Court specifically stated that “secret ballot elections are generally the most satisfactory—indeed the preferred—method of ascertaining whether a union has majority support.” Moreover, Congress has repeatedly rejected efforts to amend the NLRA to impose card check, including the Employee Free Choice Act and the Protecting the Right to Organize Act.

With regard to employer speech, in *Cemex* the GC has asked the Board to find that mandatory staff meetings to discuss union issues are “inherently coercive” and to prohibit them. This completely disregards section 8(c) of the NLRA which states that “the expressing of any views, argument, or opinion, or the dissemination thereof, whether in written, printed, graphic, or visual form, shall not constitute or be evidence of an unfair labor practice under any of the provisions of this Act, if such expression contains no threat of reprisal or force or promise of benefit.” Leaving aside potential Constitutional issues, this section of the Act was included in 1947 specifically to protect employer speech rights, and the Board and GC are not at liberty to disregard it.

These issues, should the Board agree with the GC's position, will have a real world impact on our member companies and make it far more difficult for them to manage their businesses. We urge you to reject the legally-flawed arguments put forward by the GC in *Cemex* and to maintain current law.

Thank you for your consideration.

cc: The Honorable Bobby Scott, Chairman, House Committee on Education and Labor
The Honorable Virginia Foxx, Ranking Member, House Committee on Education and Labor
The Honorable Patty Murray, Chair, Senate Committee on Health, Education, Labor & Pensions
The Honorable Richard Burr, Ranking Member, Senate Committee on Health, Education, Labor & Pensions

Ms. Emily Marsal
Executive Director
State Health Planning & Development Agency
100 N. Union Street, Suite 870
Montgomery, AL 36104

Re: CON Application by USA Mobile County ASC, LLC for a Multi-Specialty Ambulatory Surgery Center

Dear Ms. Marsal:

I am writing this letter to support USA Mobile County ASC, LLC's certificate of need ("CON") application to develop a multi-specialty ambulatory surgery center ("ASC") in Mobile County, Alabama. This project by an affiliate of the University of South Alabama Health System ("USA Health") will provide increased access and timely care to patients in need of outpatient surgical services. I am strongly in favor of increasing access to the world-class services offered by USA Health and offering a wide range of services on one campus in west Mobile County.

The health care campus site of the proposed ASC includes a freestanding emergency department as well as an independent diagnostic testing facility and a professional office building that is under development. The University of South Alabama is vital to the Mobile County community and surrounding areas. It has a significant economic impact both through its educational programs and through the health care services it offers. The economic impacts in Mobile County of USA Health extend not only to the direct services provided, but also it is attractive to potential employers looking to locate or expand in Mobile County. I am confident that USA Health's development of this ASC in west Mobile County will greatly benefit our local citizens and the Mobile County community, both economically and as a provider of world-class medical care that only an academic medical center can provide.

I have no doubt that USA Mobile County ASC, LLC's proposed multi-specialty ambulatory surgery center will be a significant asset to Mobile County. I fully support the proposed CON application to develop and operate the proposed multi-specialty ambulatory surgery center. I would appreciate your consideration and approval of the CON application and your continued support of the quality healthcare services provided by USA Health for residents of the State of Alabama. It is important as a State and as a vibrant health care community in South Alabama that we continue to strive to provide Alabama residents with better local access to quality health care services.

Best regards,

A large, stylized handwritten signature in black ink, which appears to be 'Bradley Byrne'. The signature is written over the printed name and title.

Bradley Byrne
President and CEO
